Working at Kent's Ice Cream Co. is a lot of fun, but it is also a lot of work. In the summer month we are extremely busy. Customers can be demanding, there is a lot of pressure to fill orders when it is super busy, it is not a typical Monday to Friday job and besides scooping, you have to be willing to do all the dirty work including picking up trash, cleaning dishes, bathrooms, floors, etc. And all this is expected to be done with a smile!

Do you think you are someone who can handle this? Tell us why! Why you can handle it and why you think you will like working here.

Our Requirements

A large part of our business is customer service. We expect our team members to be happy and engaging – every single customer gets a smile & a welcome into our store! We want them all to feel excited to be here & like they want to come back. You would be a big part of that.

We understand that everyone would love to work when it is most convenient to them but a large part of our business is on the weekend and at night. So those are important times when we need you to be available. One of our job requirements is that you are available **every weekend** during the summer (within reason: one or two weekends missed are understandable, provided you give us at least 2 weeks notice). You also must be okay with working late nights. **If you can't commit to this, please don't apply!**

A strong work ethic is important to our success and it is mandatory that you show up to every shift, ready to work. Missed shifts are not tolerated and will result in immediate termination.

Job Requirements:

- you must be available to work 2 Sunday's a month, minimum
- you will be scheduled for an on-call shift every week.
- you must be available to work a minimum of one day of every long weekend – Saturday or Sunday or Monday
- please understand that it is a part time job. Three to four days a week, typically 20 to 32 hours.

Our Team:

- Love ice cream!
- Friendly, enthusiastic & quick learners
- Love interacting with people
- Comfortable working in a very fast paced environment
- Able to maintain high standards
- Able to lift up to 30lbs
- Have their Food Safe Level 1

I've read and understand these requirements, and I promise that I can commit to them.
